

# CERTIFIED IRRIGATION INSTALLER

## Welcome to Irrigation Australia's Certification Program

If you're currently installing, troubleshooting, upgrading or repairing irrigation systems, then you may be eligible to become a Certified Irrigation Installer (CII). You may work on your own or you may be responsible for a small team. You will currently use best practise when installing a system, and can recognise and minimise the environmental impacts of irrigation. This certification grants you a point of difference in the market and a Certified Irrigation Installer is highly regarded by customers to provide a service that meets or exceeds the average industry standards.

### INDUSTRY EXPERIENCE

To apply for this certification, you'll need to be actively working in the industry, plus have **three (3)** years relevant experience that includes:

- ▶ Installing irrigation systems
- ▶ Preparing for installation works
- ▶ Maintaining irrigation systems

### ONGOING COMMITMENT TO BEST PRACTICE

Once you become a Certified Irrigation Installer, you'll need to keep your skills and knowledge current by participating in a range of irrigation-related activities.

Continuing Professional Development (CPD) Points will be earned for each type of activity and at the end of **one (1)** year, you must have obtained **five (5)** CPD points and paid the renewal invoice by the due date in order for your certification to remain active.

### HOW TO APPLY

Attach sighted copies\* of your Statement of Attainment or academic transcript and return to Irrigation Australia with the certification fee.

\*Sighted copies are those that are verified by a JP as an accurate copy of the original. Please do not send originals.

### SKILLS AND KNOWLEDGE

To become a Certified Irrigation Installer, you'll need to prove that you can meet **five (5)** of the following **eight (8)** competencies\*:

\*This must include one (1), but up to two (2) Manage units.

1. **AHCIRG303:** Measure irrigation delivery system performance
2. **AHCIRG306:** Troubleshoot irrigation systems
3. **AHCIRG308:** Monitor soils under irrigation
4. **AHCIRG309:** Install irrigation pumps
5. **AHCIRG315:** Interpret irrigation plans and drawings
6. **AHCIRG331:** Install pressurised irrigation systems
7. **AHCWRK405:** Implement and monitor environmentally sustainable work practices
8. **AHCINF304:** Install and terminate extra low voltage wiring systems

Other Statements of Attainment that have similar skills and knowledge will be considered.

### CERTIFICATION FEES

	Application Fee	Renewal Fee
Member	\$345	\$290
Non-Member	\$515	\$440

\*Fees subject to change in 2025.
