CERTIFIED IRRIGATION INSTALLER

Hands-on skill set delivered over 4 full days

COURSE OVERVIEW

The Certified Irrigation Installer Skill Set (AHCSS00175) is designed to enhance skills in irrigation installation, system troubleshooting and maintenance, expand product knowledge, and focus on the latest advancements in installation methods and equipment technologies.

This course accommodates both entry-level candidates and those with some industry experience, covering topics from basic irrigation plan interpretation and new system installation to advanced concepts in soil properties and irrigation system performance.

The Skill Set delivers six accredited units and can be used as a pathway into Certificate III in Irrigation Technology (AHC32424).

CORE UNITS

AHCIRG337 - Measure irrigation delivery system performance

AHCIRG338 - Troubleshoot irrigation systems

AHCIRG339 - Monitor soils under irrigation

AHCIRG342 - Interpret irrigation plans and drawings

AHCIRG345 - Install pressurised irrigation systems

AHCWRK320 - Apply environmentally sustainable work practices
